## Community News - week of March 23

### **Public workshop on roundabout**

Staff from the Madera County Public Works Department and District 5 Supervisor Tom Wheeler will be available during a public workshop from 6-7 p.m. March 30 to discuss the design of a roundabout at the intersection of Road 274 and Road 225 in North Fork. The meeting will be held at the North Fork Rancheria Community Center, 56900 Kunugib Way, North Fork.

The project will convert the current 4-leg, 3-way stop sign controlled intersection into a roundabout. The public is encouraged to attend and ask questions.

### **Public input sought on grant program**

The Sierra Nevada Conservancy (SNC) is seeking public input on updated grant guidelines for the Conservancy's Proposition 1 grant program.

The SNC is proposing that the second grant round will continue to focus on forest health projects, including projects to reduce the risk of large, damaging wildfires. These types of projects are specifically called out in Proposition 1 and the California Water Action Plan, in recognition of the critical role watersheds play in California's water future.

A series of three public workshops will be held in early April 2017 to gather public comment and familiarize potential grantees with the application process. Dates and locations of these workshops to be announced soon.

Interested parties can submit comments via email to [grants.SNC@sierranevada.ca.gov](mailto:grants.SNC@sierranevada.ca.gov) or by mail to Sierra Nevada Conservancy, Attn: Grants Administration, 11521 Blocker Drive, Suite 205, Auburn, CA 95603.
